## SHOTS AROUND

A professional images provider, we teamed up with a group of highly talented photographers including still images and 720° Virtual Reality professionals.

Pictures say a thousand words, our works speak for our talents and experience.

## SHOTS AROUND

A hub to connect and explore other opportunities, we stay in touch with the latest trends of technologies including mobile and web applications to enhance the viewing experience.

Our 720° images can be integrated into mobile apps, HTML 5 and even the hottest WeChat “微信”. These are the most efficient ways to spread and impact your clients.

WeChat “微信” is the most popular way to share to your friends, your clients and the public, with our stunning 720° images integrated in “微信”, your potential clients can easily view the locations on mobile and when they are in mobile.
